- Potential item for Graduate Council consideration:
 - Graduate Division has been made aware of a potential situation where having a co-advisor may be beneficial for students, specifically in instances where the advisor is on FMLA or emergency leave. Graduate Dean Zatz requested input as to whether she should submit a proposal to Graduate Council requiring that a co-advisor be appointed in such cases.
 - Graduate Group Chairs discussed their concerns about a co-advisor having the appropriate knowledge of research and expertise to advise students. Some faculty may not be willing to have colleague’s step-in, even on a temporary basis, to advise students on research.

- Graduate Group Chairs also commented that some programs have a structure already in place that would allow for masters and doctoral committee members to serve in that capacity.
It was suggested that the Graduate Group Chair might be assigned to serve as co-chair in such situations.

ACTION ITEM: Graduate Dean Zatz will consult with Graduate Council and will share the concerns/comments from the Graduate Group Chairs.

- New Fellowship Announcement
 - A call for nominations will be sent to all Graduate Group Chairs for the Central Valley Fellowship.
 - The Fellowship will be one semester for AY2019-2020 and is intended for students from the Central Valley who are doing research that will benefit the Central Valley region.

 - Graduate Dean Zatz encouraged graduate group chairs to nominate students who are eligible.

2. Graduate Council Chair's Report (LeRoy Westerling)

- No report; Graduate Council Chair LeRoy Westerling was unable to attend the meeting.
- Graduate Dean Zatz shared that Graduate Council approved the Graduate Student Assistant Researcher (GSAR) title. The GSAR title allows departments or programs to hire graduate students to conduct research in their field that is not dissertation related.
 - Graduate Group Chairs requested more information such as if the GSAR title would only be for doctoral students, only allowed during the summer, and if faculty advisors would be asked to approve their students being hired as GSARs.

ACTION ITEM: Graduate Division will follow-up on the information requests and the GSAR title implementation will be added to the next graduate group chair meeting.

Until further notice, groups may continue to base spending on their FY19 appropriations. Student support funding allocation (formerly known as USAP allocation) shall be determined after Census, but by no later than September 30th.
 - Graduate Group Chairs discussed their concerns about the SSHA, April 30th deadline to spend funds and requested that funds carry forward to the next fiscal year in unison with the Department Chairs.

ACTION ITEM: Graduate Dean Zatz will consult again with the Budget Office in regard to whether or not more than 5% of operational funds can carry forward to the next fiscal year, AY 2019-2020.

 - The group unanimously decided not to hold Graduate Group Chair meetings during June and July and agreed to receive email updates on a need be basis.
 - The retreat/start of year meeting was discussed. It was suggested by Graduate Group Chairs that a retreat be held separately for new grad chairs, and then just a slightly longer than usual August meeting for all chairs to start off the year.
