Fiscal Close ³

Deadline:	April 28, 2023
------------------	----------------

1) The priority deadline is intended as a target date, especially for larger awards that have monthly disbursements. Any awards submitted for a term after the term's final deadline must include an exception request for the Graduate Dean to review and approve or deny.

2) Passing the summer deadline will delay an award from disbursing on time, which is usually the first to second week of June.

3) Awards submitted to the Graduate Division after the fiscal close deadline **will not** reflect within the current fiscal year and will be charged against the next fiscal year funds.
