*Fall 2022*  
*Thursdays, 9 – 10:15 am,*  
*In Person at KL 217*

Seminar schedule  
available here:

SCAN ME

Graduate Division at UC Merced presents a 1-unit professional development seminar course designed to meet the diverse needs of our graduate students at different stages. This course will help expand core competencies, including effective time and project management skills, and good writing and publishing practices; identify good mentoring practices, imbibe strong leadership and teamwork skills, and perform ethical and equitable research; and finally, focus on honing presentation and interview skills, developing polished CVs and resumes, and strengthening networking skills, all geared towards preparing our students for the job market so they may achieve their career goals.

### All disciplines are welcome!

- Enroll in the course for credit and for an engaged experience
- Too much to do? Sit in on any class. All workshops and seminars are independent
